

ETHIOPIAN TEWAHEDO · BONUS STUDY

The Rest of Jeremiah

Memory, exile, and a hope of return

AUTHORSHIP · Multiple traditional attributions

DATE & CONTEXT · Texts and their transmission developed in different periods

The big picture

This title points to material associated with Jeremiah beyond the arrangement familiar in a 66-book Bible. Ethiopian collections can include the Letter to the Captives, a short oracle against Pashhur, and the Rest of the Words of Baruch, often called 4 Baruch. Titles, divisions, and placement vary. Approach the collection through a clearly identified edition rather than assuming all works called Baruch are the same.

Reading to explore

The Letter to the Captives and the Rest of the Words of Baruch; verify the edition's contents

Reading references are not quotations. Names, contents, and numbering can differ between editions.

Live it

- 01 Name a loss that needs remembrance.
- 02 Ask a trusted teacher about a text unfamiliar to your tradition.
- 03 Carry out one action that helps a displaced person feel welcomed.

Pause & reflect

How can I learn from another Christian tradition without flattening its differences?

Original SELAH37 introduction. Read the text in context; historical dates and attributions are approximate.
